

Post-Pandemic Working-From-Home Regulations

How to design WFH policies that ...

- ... are beneficial for performance,
- ... satisfy employees' needs,
- ... and are perceived as fair?

Research questions

How to make it fair?

- What should be considered when introducing working-from-home arrangements (WFH), so, that they are perceived as fair?

Which tasks should be performed where?

- Which tasks and activities should be carried out in the office and which at home to best satisfy basic psychological needs?

Project Plan: Current Research Status + Outlook & Further Steps
